MAKING ART WITH ICE

Welcome to Scotsman

The industry's only complete
solution for highly efficient,
superior-performing ice
systems.

Worldwide footprint

Manufacturing facilities strategically located in the USA, Italy and China to better serve our markets.

Italy

China

Unmatched Market Coverage

We have the largest network
in the world, distributing
products in over
100 countries and serving
over a million customers.

Crystal clear Gourmet® solid ice cubes

- Meets ENERGY STAR and LEED Eligibility Criteria
- SELF SANITATION System XSafe®
- Natural refrigerant R290 with GWP 3 and ODP 0
- Total FRONT VENTILATION made for BUILT-IN installation
- Stylish black colour finishing
- Integrated DRAIN PUMP (no need for gravity drain)
- User friendly internal cleaning, no tools needed
- Remote service support capability with XWave free App.
- Delayed automatic start
- 3D ventilation grid with removable air filter
- Magnetic scoop holder

XSafe: is a natural Cleaning system, integrated inside the icemaker and operating automatically 24/7 ensuring absolute **cleaning and hygiene**. It destroys over 99% of viruses and bacteria, and reduces substantially the formation of mold, mildew, yeast, slime and odours.

Clean alert: advises with a blink when it's time to clean the filter.

Electronic control: ambient and water temperatures may change throughout the years but your ice machine will stay the same.

Front access condenser air filter: a do-it-yourself cleaning operation that saves time and money and makes your ice maker live longer.

Individual transparent solid cube: each single cube is an artwork: crystal clear and perfectly shaped, faithful to the Scotsman tradition.

Scale accumulation preventing system: traps ice makers' enemy No. 1 in one place and makes it harmless.

Ergonomic access to ice with sliding disappearing door: one-touch door lift, makes barman's life significantly easier.

PWD - Progressive Water Discharge: pumps excess residual water up to a distance of 15 meters.

Built-in storage bin: allows most undercounter installations for easier fit-in solutions.

EcoX: products using natural refrigerants only, Hydrocarbons R290 or Carbon Dioxide R744.

The full EcoX range is available on AC series as well.

NU series

XSafe: is a natural Cleaning system, integrated inside the icemaker and operating automatically 24/7 ensuring absolute **cleaning and hygiene**. It destroys over 99% of viruses and bacteria, and reduces substantially the formation of mold, mildew, yeast, slime and odours.

Front-in & front-out air flow: no need to leave space on the back.

One touch cleaning: reduces labor costs while saving time and simplifies cleaning process.

Front access condenser air filter: a do-it-yourself cleaning operation that saves time and money and make your ice maker live longer.

Ergonomic access to ice with sliding disappearing door: one touch door lift, makes barman's life significantly easier.

Easy cleaning: through routine maintenance.

Built-in storage bin: allows undercounter installations for easier fit-in solution, specifically for coffee shops.

EcoX: products using natural refrigerants only, Hydrocarbons R290 or Carbon Dioxide R744.

NW series

XSafe: is a natural Cleaning system, integrated inside the icemaker and operating automatically 24/7 ensuring absolute **cleaning and hygiene**. It destroys over 99% of viruses and bacteria, and reduces substantially the formation of mold, mildew, yeast, slime and odours.

Global standard footprint: strictly follows international imperial standards commonly adopted in the industry of reference.

One touch cleaning: reduces labor costs while saving time and simplifies cleaning process.

Front evaporator access: immediate access to the evaporating plate for quick self-maintenance operations.

Stackable: add flexibility! (only 30" models).

Condenser air filter: removable for easy maintenance.

Top exhaust airflow: exit of hot air from the top, no free space required on sides (only 22" NW307 and NW508).

Head only ice maker: requires a separate storage bin to collect the ice produced*.

EcoX: products using natural refrigerants only, Hydrocarbons R290 or Carbon Dioxide R744.

NUGGET

Compressed flake ice available either in regular micro-cubes or irregular chips. Multi-use versatility that's great with carbonated drinks and smoothies, while a perfect option for food and plate displays. Long lasting, easy to use, high and fast displacement, and hands-free dispensing.

Nugget

Electronic control: ambient and water temperatures may change throughout the years but your ice machine will stay the same.

External indicator lights: keep ice machine's operations under constant surveillance.

Plug-and-work technology: starts off and constantly produces ice thanks to a no-cycle harvesting system.

Water in / ice out concept (no cycles, zero water wastage): limits to almost zero excess energy, water and time wastage.

Head only ice maker: requires a separate storage bin to store the ice produced.*

XSafe: is a natural Cleaning system, integrated inside the icemaker and operating automatically 24/7 ensuring absolute **cleaning and hygiene**. It destroys over 99% of viruses and bacteria, and reduces substantially the formation of mold, mildew, yeast, slime and odours.

EcoX: products using natural refrigerants only, Hydrocarbons R290 or Carbon Dioxide R744. (MFN 47/ MFN 57)

DXN series

Appealing design: it can be smartly positioned in any situation, from luxury lounges to unconventional traditional pubs, allowing customers to cool their drinks to their own taste, without any hygiene hazards.

Display: appealing frontal all-black touch screen display. Touch-activated or touch-free version.

Footprint: large flow of ice in a small footprint.

Simple serviceability: extractable washable drip tray and anti-clog drain filter.

AFC series

XSafe: is a natural Cleaning system, integrated inside the icemaker and operating automatically 24/7 ensuring absolute **cleaning and hygiene**. It destroys over 99% of viruses and bacteria, and reduces substantially the formation of mold, mildew, yeast, slime and odours.

Electronic control: ambient and water temperatures may change throughout the years but your ice maker will stay the same.

Front access condenser air filter: a do-it-yourself cleaning operation that saves time and money and makes your ice maker live longer (only AFC 134).

PWD - Progressive Water Discharge (optional): pumps excess residual water up to a distance of 15 meters (only AFC 134).

Built-in storage bin: allows undercounter installations for easier fit-in solution.

Ice Storage Systems

SB SERIES

Slope front bins. Insulated, inside rounded corner, for daily turnover of ice.
Easy to clean and maintain, removable gaskets.
The reinforced hinges provide enhanced durability. The slope front makes access to ice as easy as possible.
From 129 kg to 478 kg storage capacity range.
Compatible with any type of ice.

UBH SERIES

Upright bins. First-in first-out concept provides a constantly fresh ice supply and high level of hygiene.
Insulated, inside rounded corner, of higher capacity demand for ice and longer stock periods.
Sturdy enough to sustain even the largest ice makers. Front windows allow operators to always keep an eye on the product inside.
From 553 kg to 1068 kg storage capacity.
Compatible with any type of ice.

SIS SERIES

Upright bins with integral trolleys. First-in first-out concept provides a constantly fresh ice supply and high level of hygiene.
73 kg capacity trolleys, insulated and top-closed with lids, facilitate ice transportation. Ice falls down into trolleys gravitationally, with no need of tiresome shoveling.
Insulated, inside rounded corner, for higher capacity demand for ice and longer stock periods. Sturdy enough to sustain even the largest ice makers.
Front windows allow operators to always keep an eye on the product inside.
From 210 kg to 759 kg storage capacity.
Compatible with any type of ice.
